SUMMARY

I'm a Motivated and reliable entry-level deckhand with an MCA Yacht Rating and AEC1. I've developed a strong work ethic through living and working on a farm, along with hands-on experience in physically demanding roles. I have basic sailing experience, I'm confident using electrical tools, and I've gained practical mechanical exposure by assisting with diesel engine maintenance. I'm physically fit, safety-conscious, and genuinely eager to build a long-term career in the yachting industry. I work well in a team, pay attention to detail, and I'm always willing to help wherever needed, whether on deck or supporting the engineering side.

EXPERIENCE

- **Practical Mechanical Exposure (Informal)**
- **Assisted in maintenance and troubleshooting of a tractor diesel engine under supervision.**
- **Gained basic understanding of mechanical systems and fault-finding.**
- **Developed hands-on problem-solving skills in a workshop environment**
